SUSHANT BHOYAR

INDIA| P: +91 9307976918 | sushantbhoyar32@gmail.com | github.com/7sushant81

TECHNICAL SKILLS

Programming Skills: Java, JavaScript, Basic Python

Frameworks: React JS Tools: Git and GitHub

Technologies: HTML, CSS, MySQL

EDUCATION

JSPM's Rajarshi Shahu College of Engineering

Tathawade, PUNE 2021 - Present

Bachelor of Technology Major in Computer Science **Cumulative GPA:** 9.04

Coursework: Data Structures & Algorithms, Object Oriented Programming, DBMS, Computer Networks, Operating Systems

PROJECTS

YouTube Clone Feb 2024

Developed a YouTube clone application with a modern, user-friendly interface using ReactJS, utilized over 10 Material UI components to create a seamless and intuitive user experience, and styled with CSS to ensure consistent and visually appealing design across various devices.

- Followed an agile delivery model to manage project timelines and deliverables, ensuring timely completion and high-quality code and conducted thorough analysis and implementation to meet business requirements and client needs.
- Deployed the application using Firebase, ensuring significant uptime and efficient load times, with an average response time of less than 200ms.
- Integrated the YouTube API to fetch and display original content by implementing efficient data fetching techniques with security, resulting in a 30% reduction in API call latency.
- Reduced development time by 20% using efficient coding practices and leveraging open-source libraries, showcasing strong analytical, development and problem-solving skills.

Portfolio Website Oct 2023

- Developed a professional portfolio website to showcase my work and projects using HTML, CSS, and JavaScript with a clean and modern layout, improving user engagement by 40%.
- Implemented responsive design principles, ensuring the website is accessible on over 95% of devices, including desktops, tablets, and smartphones, addressing diverse client needs.
- Utilized source control tools like Git to manage code versions and ensure smooth deployment.
- Enhanced loading speed by optimizing images, resulting in a 30% reduction in page load times.

CERTIFICATES & ACHIEVEMENTS

CERTIFICATES

- **React JS:** Successfully completed a React JS course, a front-end development course, validating skills in creating and maintaining websites.
- OOPs in JAVA: Gained foundational knowledge and skills in Java programming using OOP principles such as encapsulation, inheritance, polymorphism, and abstraction. This certificate indicates proficiency in designing and implementing Java applications following OOP concepts.
- Employability Skill: Acquired essential skills such as verbal and communication skills, teamwork, problem-solving, and adaptability, making me more competitive in the job market.

ACHIEVEMENTS

 AVINYA Coding Competition: Participated as part of a two-member team, reaching the 3rd round and receiving goodies and certificates.
